Jennifer Velez  
COMMISSIONER

Kenneth W. Ritchey  
Assistant Commissioner  
TEL. (609) 631-2200

Dear Service Providers:

As you may know, the Division of Developmental Disabilities (DDD) has been actively involved with Transition planning since 2004. The focus is on providing graduates and their families' information and education sessions to enhance their understanding of adult services and maximize individual potential.

Your Agency has been identified as an organization that provides supports and services to individuals with Developmental Disabilities.

“The Provider Marketplace” is an opportunity for families to become acquainted with Adult Agencies/Service Organizations providing supports and services in their neighborhoods. Each agency will have 3 minutes for introductions and identify the supports and services they provide for young adults transitioning from school to adult life.

Please bring marketing materials for approximately 75 to 100 people. Most spaces will not have display tables so be prepared to keep materials as compact as possible. Space is extremely limited Registration is on a first come basis. Once capacity has been reached registration for providers will be closed.

Enclosed is the statewide schedule for the Fall 2009 sessions. Please choose the session closest to your service area. **Pre-registration is required.** You can register through the Family Support Center of NJ online at [www.fscnj.org](http://www.fscnj.org).

Sincerely,

Patricia Tucker Brennan, M.S.W.  
Division of Developmental Disabilities  
Individualized Services
